

MURDERERS MUST HANG. 1

Writs in Behalf of Lambert and
Andrews Dismissed.

TRENTON, June 11.—The Supreme Court this morning refused the writs of habeas corpus applied for on behalf of Theodore Lambert, the Camden murderer, and Murderer Andrews, of Warren county. The court held that the Governor's death warrant is a legal sentence. Application will be made to the Chancellor next Tuesday for a writ of error to carry Lambert's case to the Court of Errors and Appeals.

Andrews' execution will probably take place on the day assigned, Thursday of this week, although his counsel will endeavor to make application to-morrow for a writ of error.
